A NEWSLETTER FOR CUSTOMERS AND FRIENDS OF PLASTIC SAFETY SYSTEMS, INC.

New West Coast Distribution Center

To better serve our West Coast customers, PSS is proud to announce that a new West Coast Distribution Center has been established in Sacramento, California. A wide variety of PSS traffic control products will now be warehoused and shipped from the facility in Sacramento. This new West Coast Distribution Center will provide our valuable customers with even faster delivery times and lower freight costs.

Welcome New Employees

FRANK CHAPIN

Crew Leader, Special Projects

Frank manages the manufacturing and production of several PSS product lines including, **The Wave** barricade boards, **Quik-Gard**, **Quik-Mark** and **Panel-Lite**. His favorite part of the job includes working on new products and the overall friendly atmosphere at PSS. Frank has been married to his wife Connie for four years and enjoys spending his free time hunting, woodworking, and playing volleyball.

WILLIAM JAMIESON

Product Manager

Bill is responsible for the sales efforts for **Guardrail Delineator**, **Object Marker** and **Fencing Product** lines. He is also building upon the PSS government bidding process. Currently President-Elect of the Ohio chapter of ATSSA, plus a proud father of six children, five of whom are still minors, Bill has no spare time. When he did, he greatly enjoyed horseback riding, fishing, hunting and camping. Bill is a graduate of Hiram College, with a BA in the humanities.

NORM JAWORSKI

Customer Service Representative

Norm has a degree in Architectural Technology and Construction Engineering, and is the former owner of a printing and graphics company. Norm enjoys the work and the people at PSS and says everyone has been really helpful. His hobbies include watching sports, baseball, football and NASCAR, playing tennis, woodworking and refinishing furniture. Norm still does some graphics, too. Married 24 years to his wife Donna, they are the proud parents of three children.
